IMPORTANT
QUESTIONS

Government Ownership
of Telegraph and Tele-
phone Lines

CONSIDERED BY WILSON

Inauguration of Parcel Post
and Postal Savings Has
Proved Success and is
Impetus for Further In-
novations.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 10.—Govern-
ment ownership of telegraph and
telephone lines throughout the
country is being seriously consid-
ered by President Wilson. Confer-
ences between the president and
Postmaster General Burleson have
led to a gathering of information
about the practical working of gov-
ernment ownership in those nations
where such a system is in operation.
The subject will be discussed at
some length in the postmaster gen-
eral's annual report soon to be made
public, though it is by no means as-
sured that he will make any positive
recommendations.

The postmaster general saw the
president for a few minutes today
and while they did not discuss the
subject, Mr. Burleson said as he left
the White House that on previous
occasions when he had discussed the
question with the president, he had
found his mind open and receptive
to information.

Though bills have been drafted
by members of congress looking to
governmental ownership, none has
been agreed upon as an administra-
tion measure while the result of Mr.
Burleson's investigations are being
awaited.

"There is no doubt," said Mr.
Burleson, "that the inauguration of
the parcel post and the postal sav-
ings system has given a tremendous
impetus to the desire of the people
all over the country to have the gov-
ernment become the means of com-
munication everywhere. It is a
subject involving between two and
three hundred million dollars and
we must go very slowly in inquiring
into it. Every great nation except
as has adopted it."

RED CROSS GIVES
MEDALS TO OHIO
FLOOD HEROES

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 10.—Review of
the relief work in the Ohio flood
zone at the Omaha tornado, the
Volutno disaster and in other
emergencies were presented in an
annual report today at the yearly
meeting of the Red Cross society.
President Wilson presided at the
afternoon sessions.

Medals for unremunerative serv-
ice during the flood relief in Ohio
were presented to Governor James
M. Cox, J. G. Schmidlapp of Cin-
cinnati, George W. Latamor, Colum-
bus; Edward A. Deeds, Dayton; Ho-
mer H. Johnson, Cleveland; S. H.
Richardson, Jr., Toledo; W. A.
Compton, Pomeroy, Ohio and John
H. Patterson, of Dayton, Ohio. For
service in the Balkan war to Major
Clyde S. Ford of the medical corps,
U. S. A.; Hoffman Phillips, Mrs. W.
W. Rockhill, Constantinople; John
B. Jackson, Bucharest, Roumania.
Only a few of those awarded
medals were present in person to re-
ceive them.

Deaf and Dumb Man Talked
When Arrested; Police Hold 3
Men On Suspicion Charge

The arrest of James Moore, 22, who
has been soliciting aid from Newark
people to aid him in reaching his
home state that he might enter the
school for deaf mutes, revealed the
fact that Moore could talk as well as
any one and that his tongue was a
little sharper than the average run
of people. With Moore were arrested
George Smith and Ed Thompson. The
trio has been under police observa-
tion for several days and they are be-
ing held pending an investigation.
Smith will probably be charged with
having in his possessions contraband
materials. In the arrest of the three
men, the police officials believe that
they have the biggest part of a gang
of yegg.

Their presence in the city was tip-
ped off to Police Chief James Sheridan
several days ago and their move-
ments have been watched for some

ARE YOU ONE OF 42?

Forty-two people to date have sent contributions to The Ad-
vocate for Newark's Christmas "Tree of Light." The sum amounts
to \$39.75. The subscriptions range from 25 cents to \$5. The
plan is to erect a beautiful tree in the courthouse park, deco-
rate it, light it with hundreds of electric lamps and burn the
lights during the holiday season. Evening musical programs
will be held in the park. All money in excess of the actual cost
will be used in buying children's presents. The sum should reach
\$100 or more. All are invited to send contributions to The Ad-
vocate at once.

Newark is to be one of 15 cities this year that will have mu-
nicipal Christmas trees. Soon it will become a national custom.
Pittsburg's "Tree of Light" this year is to cost \$2000. Newark
certainly ought to give \$100. The time to help is now.

Interurban Freight Car
Crashes Into Horse and
Buggy With 2 Occupants

Isaac Burkham, age 75 years, a
plasterer living at Monroe avenue
and East Main street, sustained se-
rious injuries Wednesday morning
when a buggy in which he was riding
with Perry Frazier, was struck by an
east bound interurban freight car at
the crossing on the Hanover Pike
just east of Stadden's bridge. The
rig was demolished, the horse was
so badly injured that it had to be
shot. Burkham's companion, Fra-
zier escaped with a few bruises.

According to the report made at the
Ohio Electric offices here, Burkham
drove onto the track in front of the
approaching car. The wreckage was
thrown to one side of the track where
the horse lay helpless.

Burkham was in a semi-conscious
condition and was placed on board a
Newark bound car. At the interur-
ban station here, the car was met by
the Bazler & Bradley ambulance and
Burkham was rushed to the city hospi-
tal. Examination revealed the fact
that he had sustained two bad scalp
wounds and was otherwise bruised.
It could not be definitely determined
whether there was a fracture of the
skull.

DAYLIGHT PIERCES
FAMOUS MT. ROYAL
RAILROAD TUNNEL

(ASSOCIATED PRESS TELEGRAM)
Montreal, Dec. 10.—Daylight
pierced Mount Royal for the first
time today. Two gangs of laborers
tunnelling 600 feet underground
met in the heart of the mountain.
The new tunnel is three and one-
third miles long and was built for
the Canadian Northern railroad.
Within a year, it is expected, trains
will enter the city through the tun-
nel instead of making a tour
around the mountain.

CIMRA CAUGHT
BY ELEVATOR;
IS BADLY HURT

John Cimra, a foreigner, em-
ployed at the plant of the Wehrle
company, narrowly escaped death
Wednesday morning about 10
o'clock when he was caught be-
tween an elevator and the shaft.
His head was squeezed and
bruised but it is believed that he
escaped without a fractured skull.
When the car released him, he
dropped to the bottom of the shaft,
and was in a semi-conscious con-
dition when picked up by fellow
workmen.

The Bazler & Bradley ambulance
hurried to the injured man to the New-
ark Sanitarium. This afternoon
Sanitarium attaches declared that it
was too early to predict the outcome
of the injuries. After a careful ex-
amination it was found that no
bones were broken.

BOARDING SCHOOL
MISSES FLEE FIRE,
ATTIRED SCANTILY

(ASSOCIATED PRESS TELEGRAM)
Providence, R. I., Dec. 10.—Forty
girl pupils at a fashionable board-
ing school in the East Side section
of this city were hurried in scanty
attire to the street when fire was
discovered early today in a new and
unoccupied addition to the schools.
Although the girls, who are from
sixteen to eighteen years of age,
were badly frightened, there was no
serious panic and no one was hurt.

Great Demonstration by
Temperance Advocates

NATIONAL PROHIBITION

By Constitutional Amend-
ment is the Good Sought
by Enemies of the Liquor
Traffic—Two Thousand in
Line.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 10.—Under the
dome of the capitol two thousand
men and women representing the
Anti-saloon League of America and
the Women's Christian Temperance
Union, assembled today for a
demonstration against the liquor
traffic. In two phalanxes the men
and women marched from the down-
town section of the city to the east
front of the capitol. Each bore pe-
titions demanding national prohi-
bition by constitutional amendment.
On the steps of the capitol the pe-
titions were received by Representa-
tive Richmond P. Hobson, of Ala-
bama, author of such a proposed
amendment and by Senator Morris
Shepard of Texas. The legislators
also received from a special commit-
tee of the anti-liquor forces a copy
of another resolution suggested to
forever prohibit the manufacture or
sale of intoxicating liquors except
for sacramental and medical pur-
poses.

In their march to the capitol, the
Anti-saloon League forces were led
by Brig. General A. Daggett, Mrs.
Lillian M. Stephens of Maine, pres-
ident general of the W. C. T. U. Fol-
lowing the presentation of petitions
which were filed in the senate and
house, prohibition speeches were
made. On the speakers' program
were Ernest H. Cherrington, of
Westerville, O., former governor M.
R. Patterson of Tennessee, Mrs. El-
la Boole of Brooklyn, N. Y., pres-
ident of the New York state W. C.
T. U. and Mrs. Mary Harris ARMOR,
of Georgia.

The scene at the front of the capitol
and on the esplanade between
the main steps and the congressional
library was an enlivening one as the
hosts of prohibitionists arrived. Be-
fore the procession reached its des-
tination it had been swelled by hun-
dreds from the streets and when the
ceremonies began, observers esti-
mated that more than 4000 persons
were packed on the capitol ap-
proaches and the broad driveways.
Leaders climbed to the huge stone
statues which stood at the east en-
trance and led the huge outdoor au-
dience in singing "America," "On-
ward Christian Soldiers," and other
hymns in a mighty chorus that rose
on the still December air.

Representative Hobson and Sena-
tor Shepard were cheered as they
climbed to the top of the huge stone
stairway casement above the heads
of the throng, where they received
the resolution for a national pro-

W. C. Christian Heads
City; - Service Department;
Carl Dayton, Safety Dept.

Service Director—William C. Christian.
Safety Director—Carl S. Dayton.
City Sealer—Benj. F. White.

These were the appointments an-
nounced by Mayor-elect Royal C.
Bigbee, Wednesday. They will be-
come effective Jan. 1 when the new
mayor assumes his duties.

The statement was made, when
the above appointments were an-
nounced, that other officials to serve
under the new administration, would
not be announced until the effect of
the new civil service law on these po-
sitions is determined.

Mr. Christian, who becomes the
head of the service department,
which has charge of the city streets,
light and water plants, has been as-
sistant treasurer and auditor of the
Newark Trust company since he
stepped out of the service office two
years ago. He has been a director
of public service in Newark for three
terms previous to this time. He was

twice elected to the office and after
John M. Ankele became mayor, suc-
ceeding Herbert Atherton in July,
1910, he was appointed to the po-
sition and served until Mayor Swartz
took office. He was chairman of the
city Republican committee during
the recent campaign.

Carl S. Dayton, who becomes head
of the police and fire departments,
has been councilman from the sixth
ward for the past two years, being
one of the three Republicans elected
two years ago. He was not a candi-
date for re-election this fall. He is
superintendent of the Newark plant
of the American Bottle company.

Mr. White, who succeeds John
Zimmerly as sealer of weights and
measures, is a well known and po-
pular grocer of East Newark.

The other positions remaining to
be filled are mayor's clerk, health of-
ficer, city engineer, chief of fire de-
partment and chief of police depart-
ment.

HOBSON'S PLAN
BLOCKED FOR
PROHIB DEBATE

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 10.—Hostilities
between Representative Donovan of
Connecticut and Representative Hob-
son of Alabama, both Democrats,
broke out in the House again today
and Donovan blocked Hobson's re-
quest for an hour's time to discuss a
petition for a prohibition amend-
ment to the constitution. For almost
an hour the two members had been
carrying on a private argument close
to the speaker's rostrum with feeling so
apparent that some congressmen ex-
pected them to come to blows. Later
they continued the argument in the
lobby where Mr. Hobson is reported
to have invited the Connecticut mem-
ber to fight.

Later when Hobson asked unani-
mous consent to present the petition
brought by one thousand citizens re-
presenting the anti-saloon league,
Representative Bartholdt of Missouri
reserved the right to object and Do-
novan thundered "I object," in a voice
that reverberated across the chamber.
Hobson gave way but announced that
at 4 o'clock tomorrow afternoon he
proposed to speak anyway.

JURY FINDS FOR
DEFENDANT IN
DAMAGE SUIT

If in October a man is standing in
an alley talking with another man
and a woman comes out and takes
violent exceptions to his statements,
emphasizing her exceptions with
blows or violent language or both,
the man is at liberty to take a
buggy whip and deliver an old-fash-
ioned trouncing on the body of the
woman. This, in short, was just-
ified by a jury in common pleas
court Wednesday in the case of Jo-
hanna Fitzgerald vs. Christopher
Reinhold, neighbors living in Wil-
son street.

Mrs. Fitzgerald sued Reinhold for
\$5000 for personal injuries in-
flicted when he beat her with a
buggy whip. Reinhold contended
she backed him up against the fence
and compelled him to strike the
blows in self-defense.

The jury was out only a few min-
utes before returning a verdict for
the defendant.

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Dec. 10.—Repairs on
the 60-inch water main on Eastern
avenue which broke last Saturday
and caused a serious water shortage
in this city, were completed early
today. Water was immediately
turned in the main and it was pre-
dicted by city officials that a nor-
mal supply of water would be avail-
able for all practical needs before
night.

Elsie De Wolfe to
Test Income Tax Law

Elsie De Wolfe, society woman
and former actress, has begun suit
in the federal courts to test the con-
stitutionality of the income tax law
passed in the special session of con-
gress. Whether she did this on her
own account, or was urged to it by
some of her wealthy friends of the
society of New York who must give
up something from their incomes
for the tax, is not known.

Rebels May Soon Move

Ojinaga

CITY WELL FORTIFIED

With All Federal Troops of
the North and Many Im-
portant Generals—Sold-
iers Threaten to Mu-

(ASSOCIATED PRESS TELEGRAM)
Juarez, Mexico, Dec. 10.—Evidence
today indicated that Ojinaga, some-
times called Presidio del Norte, the
small Mexican village on the border
opposite Presidio, would be the scene
of the next important move in the
Mexican revolution.

Rebel leaders were more than ever
convinced that Ojinaga where the
federal troops have concentrated,
cannot be ignored by General Fran-
cisco Villa. Within the town are
fortified practically all the federal
troops of the north with most of
their important generals. Their re-
sistance thither avowedly was to ob-
tain money and provisions because in
the interior they had been without pay
and were on the verge of famine. Re-
provisioned and provided with money
the federals would be in a position to
renew hostilities.

Should he determine to attack the
federals in force, General Villa now
at Chihuahua City would have to
check temporary his advance south-
ward toward Torreon, but it would
be in line with his plan to leave only
rebel territory behind him in his
southward march.

The rebel forces about Ojinaga are
greatly in excess of the number at
first reported. It was said the three
thousand troops which Villa sent
south of Juarez about ten days ago
have detoured eastward and are now
on the road to Ojinaga.

The threatened mutiny of the fed-
erals as was shown by their calling
across the river to the American side
that they would desert if attacked is
being relied upon by the rebels.

Cleveland Murderer Must
Pay the Penalty of His
Crime Tomorrow Night

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 10.—Governor
Cox and his private secretary, George
F. Burba, left at 12.30 over the
Pennsylvania lines today for New
York, where the governor will
make an address Thursday night at
a convention of the National Railway
Men's association.

Governor Cox probably will return
to this city Saturday. The departure
of the governor from the state made
it certain that he will not interfere
with the execution of Frank Kin-
ney, of Cleveland, condemned mur-
derer, who will be electrocuted to-
morrow night.

Letters and telegrams beseeching
Governor Cox to commute the death
sentence of Kinney for the murder of
Captain Frank Byrne, of Cleveland,
continued to pour into the chief ex-
ecutive's office today. Some of the
letters even asked the governor to
pardon Kinney, but the majority of
them asked that his death sentence
be commuted to life imprisonment,
contending that it was not certain
that it was Kinney who fired the
shot which killed Captain Byrne.

The suspicion that it was Kinney's
accomplice in the robbery of the
Byrne home who fired the shot when
the burglars were surprised during
their work, and not the condemned
man, was emphasized in many of the
requests for Kinney's commutation.

A letter written to Governor Cox
several days ago by Mayor Newton
D. Baker, of Cleveland, in which he
asked the governor to commute the
death sentence of Kinney to life im-
prisonment, was made public today.
In his letter Mayor Baker said that
while the crime was reprehensible
and that Kinney should be punished,
he deplored that the statute books
of Ohio have on their pages an act
legalizing the death penalty. He ap-
pealed to the governor for clemency
for Kinney, saying that the time will
come when the people of the state of
Ohio will look upon the death
penalty within its borders with a
shudder not unlike atrocities of
former ages now are viewed. Capital
punishment is a stain which "our
children" will have to obliterate and
a thing whose existence they will
abhor, according to the Cleveland
mayor.

A WARNING TO MANY Some Interesting Facts About Kidney Troubles

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, traces a certain analysis of the patient's condition, and knows that unless the kidneys are doing their work properly, the other organs cannot function properly.

When the kidneys are diseased or at least inefficient, the blood is not so pure as it should be, and the body is not so healthy as it should be.

It is really surprising how many kidney troubles there are, and how they are caused. In fact, the state of New York alone, reports 10,000 cases of kidney trouble each year.

At the same time, it is surprising how few people know of the danger of kidney trouble, and how they can avoid it.

It is not that your kidneys are not doing their work properly, but that you are not taking proper care of them.

that will wipe this evil business from the land."

Despite the cold, raw wind, the crowd gathered more than an hour to hear speeches by women.

While the prohibition forces were thundering at the doors of the apothecaries of commerce, a group of lawyers in the Supreme court were vehemently contending over the ownership of six hundred acres of whiskey.

Bankers of Ohio, Pennsylvania, Kentucky and other border states were said to be much interested in the outcome of the case.

"There is no higher duty that we can conceive," said the senator, "than to introduce in both houses of congress this resolution calling for nation-wide prohibition by constitutional amendment. We are against the liquor traffic because it is the worst enemy of our civilization, because we want a drunkless republic and an untainted flag."

BLAIR TRUCK SHIPPED TO LOUISVILLE

The fourth truck purchased by the Standard Oil company for the Louisville plant, was shipped today by the Blair Manufacturing company. The truck is of three and a half tons capacity and is equipped with extra large tires, 34 by 8 inches, on both front and rear wheels. The tires on the rear wheels are of the double block type. All the trucks were purchased by the Standard Oil company because they believed the direct worm drive feature was a great advantage. The trucks already in use have been subjected to thorough tests and have been found highly satisfactory in every respect. Today's shipment completes the second order for the Louisville plant.

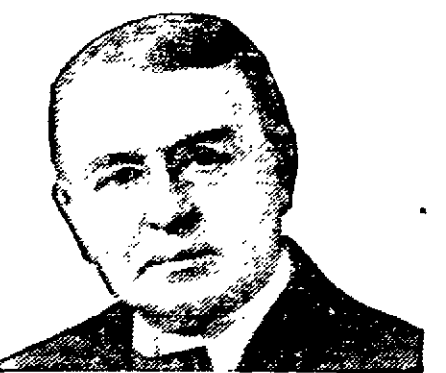

Mr. Blair is now on a trip through the East and has sold two trucks, one at Hartford and another at Middletown, Conn. Both trucks require special bodies.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm"

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and closed air passages of the head will open. You will breathe freely, sniffles and sneezes disappear. By burning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing; Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

BIKE SLIPPED GHILONI FELL TO THE STREET

Clement Ghiloni of the firm Ghiloni Brothers, fruit dealers, of North Fourth street, is wearing a black eye and a badly bruised head and face, but he explains that it was not the result of a fight but a fall from a bicycle.

Ghiloni was making the rounds of grocery stores taking orders Tuesday morning. He left the Johnson grocery in North Fourth street and mounted his bicycle. It slipped on the ice and Ghiloni fell head first into the street. He was badly stunned for a moment but was soon able to go to the office of Dr. P. H. Cesner where the injuries were dressed.

WHY ARE YOU SO TIRED?

The Weather is Not to Blame for That "Dragged Out" Feeling.

"This weather simply takes the life right out of me. I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to say to every such person in this vicinity: Don't blame the weather; it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world-famous tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood.

A case has just come to our attention from Milford, Mich. "Mrs. Julia Barber says: 'I was run-down and hardly able to drag about, my appetite was poor and I was not able to work. My druggist asked me to try Vinol. The first bottle helped me and after taking the second bottle I was able to work and felt well and strong. Vinol is the best medicine I have ever taken.'"

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Frank D. Hall, Druggist, Newark, O. P. S. Our Sazo Salve stops itching and begins healing at once.

MURDERER PAYS PENALTY IN CHAIR "LIKE A SOLDIER"

(Associated Press Telegram)

Albany, N. Y., Dec. 10.—Nelson Sharp died in the electric chair here today for the murder of Patrolman Ford of the Rochester police department, May 18, 1912. The murderer went unaided to his death. Before leaving his cell he issued the following statement:

"Now the time has come for me to pay for my follies. I am ready to meet it. I served in the United States army and navy and can meet my punishment as a soldier should. I never knew Frank Ford and I did not intend to cause his death. I am very sorry for it and for his family and relatives. No one was to blame for it, only drink and if I could only bring Mr. Ford to life by giving up my own, I would willingly do so a hundred times. I hope this will come to the eyes of his wife and family and that they will not think too hard of me. May it please God to give us both rest."

Sharp was the most tractable man ever confined in "death row" and had long been addicted to the use of narcotics and occasionally drugs, and while in a raving condition started trouble in his boarding place. When Patrolman Ford was summoned Sharp shot him.

SPRINT BREAKS UP LEADERS IN BIG BIKE RACE

(Associated Press Telegram)

New York, Dec. 10.—The momentous grind of the sixty-day bicycle race was relieved shortly before five o'clock this morning when a bunch of 12 leading teams was broken up in a short sprint and eight of the 12 teams forced a lap ahead. Those who thus took the lead were Breton-Porchet, Verri-Brocco, Root-McNamara, Lawrence-Magin, Halsted-Drolach, Fogler-Goulet, Hill-Ryan and Walther-Collins. At the end of the fifty-third hour they had slipped behind them 1091 miles and five laps as compared with the record of 1096 miles four laps.

In the second bunch were six riders, representing the Clarke-Greene, Carmen-Cameron, Mitten-Thoma, Corry-Walker, Applebach-Packenbach and Hansen-Anderson combinations, a lap behind the leaders. The Kopsy-Keefe team trailed along with a score of 1089 miles eight laps.

POLITICIAN IS NOW IN PRISON

(Associated Press Telegram)

Trenton, N. J., Dec. 10.—Louis Kuehne, for years the powerful political leader of Atlantic City, entered the New Jersey state prison at 10 o'clock this morning to serve a one-year sentence imposed on him in Atlantic county more than twelve months ago. He was convicted of being financially interested in a large contract awarded by the Atlantic City board of water commissioners, of which he was a member when the contract was let.

Kuehne left Atlantic City this morning in his own automobile accompanied by the sheriff and a close personal friend. Kuehne was the last to leave the automobile when it arrived at the prison gate and as the three men stepped through the big doorway Kuehne said goodbye to his chauffeur and shook hands with him.

Kuehne made a long and hard fight to keep out of prison. The county judge of Atlantic county and also the sheriff were set aside in the prosecution and Kuehne was indicted by an Elisor drawn grand jury. Attorney General Wilson in the administration of Governor Wilson was interested in the prosecution and Supreme Court Justice Kalisch was sent to Atlantic City to preside at Kuehne's trial.

ENFORCEMENT OF CHILD LABOR LAW AT PITTSBURG, PA.

(Associated Press Telegram)

Pittsburg, Dec. 10.—Vigorous enforcement of the child labor law enacted by the state legislature was continued throughout the city today. Proprietors of restaurants, hotels, clubs and department stores were notified by representatives of the bureau of state factory inspection that all women, under twenty-one years of age must cease work at 9 o'clock at night, and the provisions relating to boys, must be followed closely. Two merchants were arrested and fined last night. All girls within the age limit were sent home from the theatres where they were employed. Factories have been observing the law for several months.

EPIDEMIC UNDER CONTROL

Detroit, Dec. 10.—The diphtheria epidemic in Detroit apparently is under control. No deaths have been reported since last Saturday. The cases under quarantine number 211, a decrease of 15 in 24 hours.

Mr. Elwood Nash has returned to Barnesville after a visit with his parents, Mr. and Mrs. Charles Nash of near Welsh Mills.

"Pape's Diapepsin" ends indigestion, gas, sourness and stomach misery in five minutes.

Time it Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping.

This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Gov. Cox Orders Civil Service Rules Shall Control Tax Assessor Appointments

Not by words and mere promises but by direct actions, Gov. James M. Cox has a most effective way of not only speaking but entirely dismantling the guns of the partisan blinded opposition which has worn threadbare the charge that the State Executive was going to use the Warnes law to build up a political machine.

For more than eight months the regular Republican news bureau and an outlawed one have been spreading the false charge of machine building through the columns of the partisan press. Last Thursday, the Governor issued his now famous order placing all the 2000 tax assessor jobs provided by the Warnes law to do the work that heretofore has required 6000 persons, under civil service.

Three days later, the regular weekly letter of the two G. O. P. news bureaus were issued, and there was not a line in either about this order—one of the greatest acts for the betterment of governmental service any state executive ever issued and the hardest blow ever landed in Ohio on machine politics. Plainly it was a dose too bitter for the imaginative machine builders to swallow. This gun they had been firing so long lay paralyzed and useless.

Many Republican papers have been placed in a ridiculous attitude by printing the counterfeit articles about the proposed school reforms for rural schools, which have come to them from an outlawed political news bureau operated in Columbus. Here is the ingenious method that the bureau takes to deny one of its own fabrications:

"Had not Governor Cox, in a speech in the opening of the school convention repudiated the provision of his bill which would give him direct control of the schools, the congress would have repudiated him." The truth is that a measure giving the Governor the power designated in that article was never dreamed of, so the Governor never had to repudiate anything. The only thing needed was a denial from the outlawed political news bureau.

An outlawed political news bureau in Columbus sent out a statement to unsuspecting Republican editors that the educational congress was composed of persons who received admission tickets from the Governor's appointee, Professor Miller. That congress was made up of delegates selected at gatherings of the people in every school district in Ohio on November 11. No admission tickets were printed and so none was given out, and the paper which prints the false article will not be able to fool the people who gained admission without presenting tickets.

CUT SALARIES OF MANILA OFFICIALS

(Associated Press Telegram)
Manila, Dec. 10.—Many officials of the Manila government threatened today to hand in their resignations in consequence of the passage by the assembly of an appropriation bill by which the salaries of officials to \$2,000,000 to the government's expenditures are affected, chiefly by the reduction of salaries.

It is expected the Philippine commission will modify the measure.

BIG HOTEL WILL SUPPLANT BREAD LINE IN CHICAGO
(Associated Press Telegram)
Chicago, Dec. 10.—Chicago's bread line will be abolished with the New Year. A hotel, where real bread can be had for five cents a night and where meals will be furnished at from one to five cents each, will supplant the bread line on Jan. 1.

Charles G. Dawes, former controller of the currency, who has been the host to the unfortunates in the breadline, is the founder of the hotel, which will bear the name, "The Rufus Dawes Memorial." It will represent a father's memorial to a dead son. Connected with the hotel will be free baths and a free employment agency.

Uncle Walt

The Poor.

Until the holidays are over, of people who have plentiful stores, the poets all will sing, forgetful of the downcast soul who does not own a finger bowl or silver napkin ring. While joyous days are speeding by we'll hear of turkey and of pig and such; the season's stock of songs and jokes would make you think there are no folks beside the idle rich. But in a million humble homes poor father through the cupboard combs for something fit to eat; no banquet is for him designed; he's mighty thankful should he find a carrot or a beet. He labored hard, the long, long year, and spent his lowly wage for beer, and gin and brandy smash; and now, while others eat their fowls, he listens to his children's howls, and cannot give them hash. While beer of commerce blithely scans, the holidays in countless homes, will be a dismal fete; and wives will fill the air with sighs, and wipe their worn and weary eyes, and children cry for cake. The eggs and hags the poor have drained since last the festal season reigned, would buy ten million pies, and all the turkeys in the land, and all the good things ever canned, which fact no man denies.

WOULD NOT PAY CUSTOM DUTY ON DICKEN'S HAIR

(Associated Press Telegram)
New York, Dec. 1.—Charles Dickens' hair, just a little lock of it, valued at \$200 is causing a stir at the customs house. The lock of hair was sent here in a consignment of \$5000 worth of rare books for a dealer, who declares that the hair was included in the consignment without his knowledge and who refuses to pay the \$70 duty for the hair as demanded by the government officials. Articles of antiquity must be 100 years old to enter this country free of duty. Dickens was born in 1812, more than 100 years ago and it has been argued for this reason the hair should be admitted duty-free, even though the lock was cut in later life. The customs house officials, maintain, however, that the lock is not yet an antiquity and must pay the regular duty on hair, 35 per cent of its value.

The dealer involved has taken the case to the secretary of the treasury, asking to be permitted to take the books out of the customs house and have the hair returned to the consignor.

INDIANS SWEAR ALLEGIANCE TO UNCLE SAMUEL

(Associated Press Telegram)
Washington, Dec. 10.—"Flag Day" in future will assume far more importance among the remaining American Indians, because, according to a report of Dr. Joseph K. Dixon to President Wilson, every Indian in the United States has sworn allegiance to the colors. Dr. Dixon has just returned from an expedition into the Indian country made to obtain the signatures by pen or thumb mark of every Indian tribe to the declaration of allegiance.

Dr. Dixon carried with him photographic records of messages from President Wilson and Secretary Lane in which the good will of the "great white father" to the Indians was expressed. One of the chief reasons of the expedition was to instill into the Indian mind the idea of patriotism that would lead him to aspire to citizenship.

WOULD PREVENT HUNTERS FROM USING WHISKEY

(Associated Press Telegram)
Lansing, Mich., Dec. 10.—W. R. Oates, state game warden, has been asked to urge the passage of a state law to prevent hunters from taking whiskey into their hunting camps during the deer season. In a letter just received by the department, a man of 40 years' experience in the north woods writes that a majority of the hunting fatalities result from over indulgence in whiskey. He declares that there was more whiskey taken into the north woods this season than ever before and he believes a law should be passed prohibiting its use by deer hunters.

OHIO PASTOR IN BROOKLYN

A third of a century ago, Rev. Dr. W. C. P. Rhoades, as pastor of the Baptist church at Granville, O., shone as a preacher of the gospel to the people of the community, and the students of Denison university, says the Columbus Dispatch. He went from that place to the pastorate of the Marcy Avenue Baptist church of Brooklyn where on Sunday he completed the twenty-eighth year of his service. Apropos of the anniversary, which was a double one, the church itself having just completed forty years of life, the Brooklyn Eagle says:

"Brooklyn has a number of churches older than this church, but it has few which have shown more vitality or a greater power for usefulness in the community. Dr. Rhoades' occupancy of the pulpit has covered the richest period in the church's history, a period that has witnessed not only an extraordinary development in membership and influence, but also the erection of an edifice ranking among the largest and most convenient in the entire city. To him and to his co-laborers Brooklyn owes a substantial measure of recognition."

Two Questions

Face each one of us with peculiar insistence toward the close of each year.

The first is: "How much have I saved this year?"

The second is, if you are married: "Am I still paying rent or have I begun to pay for a home of my own?"

Can YOU answer these two questions to your own satisfaction as to 1913?

If not, then begin to plan now how to make 1914 show better results.

This Association can help you to the right answer to both questions.

Call and ask for booklet explaining the strength, safety and service of the "Old Home."

Consider the fact that others have saved many hundreds of thousands of dollars here and that hundreds own their own homes by reason of our help.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

MONTHLY MEET

FEDERATION OF WOMEN'S CLUB

The regular monthly meeting of the board of directors of the City Federation of Women's Clubs was held Monday evening in Taylor Hall. Plans for the distribution and sale of the Red Cross Seals were discussed and perfected. The committee having charge of the sale of the seals is under the able chairmanship of Mrs. W. H. Davis, who has employed the ten organizations belonging to the Federation to effect their distribution and sale. Each organization is expected to sell 1,000 and to place another lot with business men. One club through its committee will approach the grocers, another the dry goods merchants and so on and in this manner the lawyers, doctors, druggists, real estate agents, laundrymen and

others will be reached, and all business and professional men will be given the opportunity to contribute their aid towards stopping the encroachments of the great white plague, and to promote humanitarian movements in Newark, without being unduly disturbed or importuned to buy. Signs point to favorable results. Before plans were perfected or publicity given to the project, Mr. William Wehrle signified his desire to take \$20.00 worth of the seals, and the Modern Woodmen of America, \$5.00 worth. The Federation will receive 50 per cent of the proceeds. The question is frequently asked, "What is done with the remaining 20 per cent?" is thus definitely answered. The National Society for the Prevention and Cure of Tuberculosis will receive 10 per cent; the State Society for the Prevention and Cure of Tuberculosis will receive 10 per cent. The remaining 50 per cent, which the women of the Federation thus earn, will all of it be expended in Newark—about half will be devoted to the Visiting Nurse Chapter of The King's Daughters, and will enable this benevolent organization to continue its work of sending a visiting nurse into homes where sickness is rife, and the exchequer low. The remainder of the proceeds will be expended in humanitarian movements to which the Federation is pledged through its standing committees.

A letter was read from Mr. Kolhoff who has charge of the exhibit for the Prevention and Cure of Tuberculosis, which was to have been placed in Taylor Hall in January. He stated that owing to unavoidable circumstances the exhibit could not be placed here until February to which the Federation agreed.

A committee appointed at the request of the business men having in charge the Municipal Christmas Tree reported. The question which arose in the joint committee meeting, shall small gifts be distributed from the tree? was answered so far as the Federation is concerned, in the negative. The women are opposed to the expenditure of even a small sum of money in promiscuous giving, and would like to see the Christmas Tree stand as a symbol of the true Christmas spirit of love and service.

The report of the club extension committee showed that festive preparations were afoot at Riverside Social Center. A Christmas tree and gifts have been made possible by gifts of societies and individuals, while the children are happily active

WILSON'S VIEWS ON PHILIPPINES

Action Will Be Postponed, Best Judges in Congress Say.

SENATORS REFUSE TO WORK

Seldom a Quorum in Upper House. Every Section Attempting to Get Armor Plant That Secretary Daniels Wants Established—Leaders Disagree on Mexican Situation.

By ARTHUR W. DUNN.

Washington, Dec. 10.—[Special.]—President Wilson's message on the Philippines was not as strong as the declaration in the Democratic platform, and there has been an undercurrent of comment about it. "The message means that nothing will be done about the Philippines at present, probably not at this session of congress," was the comment of Congressman Sherley of Kentucky, who has always been opposed to the proposition that a time must be set for giving the Philippines independence.

At the same time Congressman Jones is going to make an effort to have his bill granting the Philippines their independence in eight years passed by the house. That will put the issue up to the senate, and the best judges believe that the senate will not take any action during this session.

Senators Refuse to Listen.

Senators absolutely refuse to listen to what their fellow senators say about many great public questions. While there was a quorum about the senate when the Hetch-Hetchy bill and the currency bill were being discussed, that quorum would not remain and listen to the long speeches on those bills. A call of the roll would bring out sixty or more senators. They would come from the cloakrooms, from committee rooms and from the corridors, but before the call was completed they would disappear.

Weeks on Guard.

One day during the debate on the currency bill Senator Weeks of Massachusetts was an earnest listener of a long speech. Some asked him why he stayed. "I have to," he replied. "I'm on duty. I've been detailed for this watch." He was using terms he had learned at the Naval academy.

On another occasion while Weeks was "on watch" there was the usual lack of a quorum and Reed was making a speech. Weeks called for a quorum, saying, "I am sure if the Democrats knew the senator from Missouri was making a speech they would be here." Three minutes later a dozen senators were still in the chamber.

A Few Still Left.

There are still a few places on the American continent that have not applied for the new armor plant which has not yet been provided, but which Secretary Daniels has recommended. Half a dozen bills for the armor plant factory are introduced every day, and every congressional district ought to be an applicant before any action has been taken.

Money Control.

More or less has been said about money control during the debates on the currency bill. Senators Shafroth and Thomas together told about the difficulties Moffat had in building his road across the Rocky mountains. They said it was opposed by the Pacific roads north and south, and Moffat could not get money either in the United States or Europe to finance the enterprise. From a man of \$10,000,000 he became almost a bankrupt in building his road.

Leaders Disagree.

Minority Leader Mann predicted war with Mexico as a result of present conditions. Congressman Kahn, the ranking minority member of the committee on military affairs, did not agree with Mann. "I do not fear anything of that kind," said the California member. "Personally I am absolutely opposed to intervention in Mexico. I also believe that we have absolutely no right to interfere in the internal affairs of any sister republic or foreign country." These statements were greeted with such applause as to indicate that the sentiment of the house is against meddling with the Latin American countries.

Demand For Jobs.

When a bill creating a new office was passed the Republicans asserted that it was for the purpose of giving a job to a hungry Democrat. Congressman Harrison of Mississippi denied it. "If we had any such idea," he said, "we would have to create thousands—yes, millions—of offices to give all the fellows jobs. I know from the experience I have in my district."

Cold Storage Investigation.

The high price of eggs revived the talk about doing something in regard to cold storage monopolies, and it may be that an investigation will be started. Nothing has been done along this line since the death of Senator Heyburn of Idaho. Heyburn was called a "standpatter" and was known as the most uncompromising foe of everything looking like progressiveness in politics, but he did more for the pure food bill than any other senator. In fact he was responsible for passing that measure. And he was going after the cold storage business when death overtook him.

In the year 1910, in the jungles of Africa, 93,000 cattle were killed by snakes and wild beasts.

Famous Mint Bed
at White House
Has Disappeared

(Associated Press Telegram)
Washington, Dec. 10.—What has become of the historic white house mint bed? No one seems to know, nor who gave the order that led to its disappearance.

Andrew Jackson is said to have planted it, and no president since that time has touched it, except to pull the richly flavored twigs and leaves from the branches of the plants. During all the changes in the white house buildings and grounds it has survived.

But the place where it grew is covered with fresh earth and there is not a twig or a sprig apparently a root of it in existence. The bed was within a foot of the cabinet room and not far from the president's offices.

Public Sale of Real Estate.

In pursuance of authority vested in me as trustee for the widow and heirs of the late Wm. H. Wright, deceased, I, H. H. Wright, trustee as aforesaid, will offer for sale at public auction to the highest bidder, on **Saturday, December 27th, 1914,** at the premises to be sold in Johnston, at 10:30 a. m. and on the farm at 12:30 p. m., the following described Real Estate:

First—Situate in the Village of Johnston, Licking County, Ohio, and being the residence property of the late Wm. H. Wright, consisting of one-half acre, fronting on North Main street, excellent house and barn on the lot, described as part of lot 11.

Also two acres adjoining, described as lots two and three, conveyed to said Wm. H. Wright on October 3, 1890, of record in Vol. 177 of deeds, Page 184, said county.

This is an excellent residence property, roomy and well finished throughout, located on one of the best streets of the village and the center of a two-acre pasture lot adjoining makes it particularly desirable.

Second—One hundred and fifteen acres of farm land, located about three-fourths of a mile from the thriving town of Johnston on a new line running from Johnston to Newark. This farm is a part of the Wm. H. Wright estate, known as the "Lough farm," the deed being of record in Volume 127 of deeds, Page 287, said county.

This is an excellent farm property, in easy walking distance of excellent graded schools and churches, and market for farm produce. It is an opportunity for a prospective business man, as well as a home for the farmer in the state and its excellent location for the sale of farm produce. The tract, more than similar land, has been converted to farm.

Will be sold on deferred payment, cash in hand, one-third in cash, and one-third in two years, or all cash, at option of purchaser. Interest payable in cash or by check on six months and one year and on mortgage on the premises.

FEW FOLKS HAVE
GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Weyth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. CHAMPS HAVE NOT
DESERTED CAUSE
OF FRATERNITY

(Associated Press Telegram)
Philadelphia, Dec. 10.—Ira Thomas, catcher of the Philadelphia American League baseball team, and that club's devotee to the baseball players' fraternity, yesterday denied that the world's champions had deserted the cause of the fraternity.

"It is true that the Athletics did not sign the paper which contained the demands of the National and American leagues," said Thomas, "but that was because we were busy with the world's series when the meeting was held and the series was too important for us to bother about other things. Our players are in sympathy with the fraternity and we will go along with that body as we agreed to do."

To Beat a Cold

Just a Five Minute Treatment of Virgin Oil of Pine Will Put the Worst of Colds "On the Toboggan."

DON'T WAIT—ACT NOW

Nearly everybody is subject to colds. Nearly half the ill of humanity start with a cold. Colds lead to rheumatism, lumbago, pneumonia, catarrh, consumption and various other ailments.

Give Your Cold a Start and Tell It Goodbye.

Don't aggravate your cold by taking strong drugs, stimulants and such "dope." There is a far easier, better, surer, quicker and more pleasant way to cure it. Just drop a little pure Virgin Oil of Pine on a lump of sugar and eat it. Believes a cough almost instantly.

If you will use this simple and pleasant remedy just once, you will never go back to any of the old nauseous and tedious treatments.

When you get the Virgin Oil of Pine, be sure to insist upon Leach's (Compound Pure). Cut this out and take it to any drug store anywhere. The price is 50 cents. And if the druggist won't supply you, send the price to the Leach Chemical Co., at Cincinnati, Ohio, and the package will be mailed you direct with all charges prepaid. Money back if your cold isn't cured.

Sold and recommended in Newark by R. P. Collins, Evans' Cut Rate Drug Store, and all leading druggists everywhere.

SAYS KILBANE WAS RECIPIENT OF HER BOUNTY

(ASSOCIATED PRESS TELEGRAM)

Cleveland, Dec. 10.—Featherweight champion pugilist Johnny Kilbane of this city, who is fighting a \$25,000 alienation suit, brought by his step-mother, Mrs. Bridget Kilbane, was himself the recipient of her bounty years ago, she declared Tuesday in pleading her suit.

Johnny Kilbane, in his answer to the action, which is based upon the fact that the fighter influenced his father against the plaintiff, contended that Mrs. Kilbane did not provide for her aged husband, who is blind and helpless, and that he was obliged to do so, and for that reason gave him a home.

"The statement of Johnny Kilbane that I neglected my husband so that he had to take the old man in, is not true," Mrs. Kilbane contended today in court. "I have taken boarders for several years to make money to support him. Not only have I done my duty to my husband, but years ago I helped to support Johnny himself."

ASK CLEMENCY FOR MINISTER IN STATE PRISON

(ASSOCIATED PRESS TELEGRAM)

Trenton, N. J., Dec. 10.—A delegation of ten ministers from the New Jersey Conference of the Methodist Episcopal church, waited upon Governor Taylor Tuesday in the interest of the Rev. George D. Huggins, 69 years old, of Jacobstown, who is serving a thirty years sentence in the state prison for an attack on 15-year-old Viola Falls.

The clergymen were headed by the Rev. W. E. Snyder, of this city, secretary of the conference. Dr. Snyder asked the governor to give favorable consideration to Mr. Huggins' case when the court of pardons meets some time before Christmas.

AUTO BANDITS KILL PATROLMAN AT DETROIT, MICH.

(ASSOCIATED PRESS TELEGRAM)

Detroit, Mich., Dec. 10.—Patrolman Thomas F. Madden was shot and killed here Tuesday when he attempted to question two so-called "joy riders" in a stolen automobile. The assailants escaped and the automobile was found abandoned a few blocks distant from the scene of the shooting. Madden is the fifth Detroit policeman who has been slain while on duty within a year.

Last Night's Play.

The Mark Lea Musical Comedy Company, played to good returns at the Auditorium last night and the show was well liked. There is plenty of good singing and funny comedy with a lot of pretty singing and dancing girls that goes a long way toward making a pleasant evening's entertainment. Tonight the merry comedy, "The New Minstrel-ette," will be presented. It is a regular minstrel performance in which the entire company takes part.

As a special feature the "Country Store" will be operated and some fifty prizes will be given. The capital feature being the presentation of a very timely article of daily use, namely a ton of coal.

"Peg o' My Heart"

Fresh from New York triumphs, where it ran for over a year to absolutely the capacity of the Cort Theatre, Oliver Morosco's production of "Peg o' My Heart" the comedy of youth, laughter and love will play at the Auditorium, Monday, December 15. "Peg" the winsome little Irish girl, who, in real life, is Peggy O'Neil, is a character that has strongly gripped the heart of the theatregoing public. Miss O'Neil is unusually well supplied with the natural traits that makes this part a reality; for her own life draws a close parallel to the story of the play. Mr. Morosco, in selecting this young actress for such an important role, had in mind the "type" rather than the artistic reputation of the candidate for the title role. Miss O'Neil had played in the Henry W. Savage production of "The Top o' the Morning" where she made a decided impression. In the comparison of the parts the versatility of this youthful star is readily seen; in the Savage productions her part was of the rough subterfuge style, while the character of "Peg" is a sweet, wholesome and decidedly human Irish girl who is as witty as a character of Thackeray's pen; she is also philosophical, and full of quaint pathos, with a touch of melancholy, sobering the brightness of her laugh.

Those who have not had the good fortune to witness a performance of Walter Browne's dramatic spectacle, "Everywoman," will be pleased to know that Henry W. Savage will offer the unusual play at the Auditorium Wednesday and Thursday, December 17 and 18, with Thursday matinee. Its extraordinary success in America has been supplemented by a triumph in five foreign countries where it is now being played. Mr. Savage considers "Everywoman" his greatest triumph as a producer and upon it he has lavished a good-sized fortune.

"Everywoman" affords ideal entertainment while at the same time it teaches a lesson needful and salutary. Many people who seldom go to the theatre are attracted by "Everywoman." It belongs to the same class of entertainment as "The Blue Bird," and as a production it is even more elaborate than Ren Hur.

The dramatic ensembles of "Everywoman" include over one hundred and fifty people. There is in addition a special symphony orchestra to render the impressive score which was written by George White-

NEW REMEDY SAVES OLD FOLKS FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing, Bladder Weakness, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken.

While people along in years are naturally more subject to weak kidneys, they can easily avoid the tortures of backache and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders.

Croxone promptly overcomes all such troubles by making the kidneys filter the blood properly and sift out the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped up, inactive kidneys, dissolves and drives out the uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine so it no longer irritates the bladder, over-coming unnecessary breaking of sleep and helps the kidneys and bladder regain health and strength.

It matters not how old you are, or what else you have used, it is practically impossible to take this quick-acting, effective preparation without immediate results. It starts to work the minute you take it the first time you use it. An original package of Croxone costs but a trifle and all druggists are authorized to return the purchase price if it fails in a single case.

Miss Peggy O'Neil in Oliver Morosco's Delightful Comedy of Youth, "Peg o' My Heart."

field Chadwick, dean of the New England Conservatory of Music, of Boston.

"Everywoman" tells a tale of the universal experience of woman and it finds a ready response in the mind and heart of every woman. It searches deep into the soul and as Elbert Hubbard has said of it: "In 'Everywoman' you are sitting in the grandstand watching yourself go by."

The cast is an excellent one. Mr. Savage striving to sustain the reputation he has achieved as the sponsor of notable attractions. The title role is played by Thais Maerane, one of the most forceful young dramatic actresses in America. She wears some exquisite gowns in the role which were designed expressly for her by Madame Zimmermann, in Paris.

MAN AGE 36 SEES ELEPHANT FOR FIRST TIME

A 36-year-old man, a farmer in Monroe county, was in Newark Tuesday night enroute home from Columbus where he had been called as a witness in the federal court.

Talking with an Advocate man, the visitor said that this was the first time he had ever been so far from home, and it was much impressed with the sights.

"I was in Baltimore once and a long time ago I went to Paris, but for the rest of the time I have stayed right at home."

The big buildings in Newark and Columbus surprised me, the electric lights dazzled me and do you know I never before visited a moving picture show. Last night I went to the opera at Keith's and for the first time saw an elephant."

The reporter stopped him long enough to observe that if he should go to Broadway and look at some of the forty-story buildings it would make the Columbus skyscrapers look like a child's toys, but the man had evidently never heard of New York for he replied:

"I didn't have time to get down on Broadway."

As to what he did for amusement the man said he worked 10 hours a day, played with the "kids" in the evening and went to bed. He said that he reads neither books nor newspapers and admitted that the world might turn upside down and he would not be the wiser. His home is ten miles from the nearest railway station.

The reason he does no reading was attributed to the condition of his eyes. Asked why he didn't consult an oculist, he said his neighbors would poke fun at him if they saw him wearing glasses.

"Why," he observed, "I had a gold tooth put in the other day and I'd give another \$5 if it was a back tooth. The people down our way see that tooth and then remark, 'There's a fellow with \$5 in a tooth and nothing in his pocket.'"

PLANT 10,000 BLUE GILLS AT BUCKEYE LAKE

Planting isn't usually done when the ground is frozen or when it covers the surface of lakes, thick enough to bear the weight of several men, but Col. W. C. Wells, Penwick Clements and George B. Thompson of Oregon did a little planting yesterday at Buckeye Lake just the same. The harvest from their planting will be reaped in the next few years to come when sportsmen with rod and reel visit the lake for a mess of fish.

Colonel Wells and his companions met the government fish car at Bruno and were given 30 gallons of young blue gills. The cans were taken to Buckeye Lake Park and the three men carried them to the middle of the lake, opposite the park, where holes were cut in the ice and the young fish dumped into the water.

It is estimated that the cans contained 10,000 fish which will do much towards re-stocking the population of the tiny tribe in Buckeye Lake to the great joy of the devotees of the rod and reel.

GOVERNMENT BUSY INQUIRING INTO FAKE WIRELESS

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 10.—Suspicion that fake wireless messages may have been sent out by some amateur regarding the disaster to the steamer Rio Grande has led the bureau of navigation of the department of commerce to start an investigation. The penalty is fine or imprisonment or both. The messages were received at New York and Norfolk Sunday night telling of fire aboard the Rio Grande and saying 107 passengers had been taken off the vessel and later returned.

(ASSOCIATED PRESS TELEGRAM)
Brunswick, Ga., Dec. 10.—The Mallory line steamer Rio Grande arrived this morning from New York. The captain declared there was no trouble on the trip down, that there was no fire nor did those on the vessel know of any unusual happening at sea.

The dispatches read by many wireless operators in the vicinity of the Virginia Capes, were transmitted to the revenue cutter service which immediately rushed two ships to sea and later returned after communicating with the Rio Grande herself and being assured she was in no need of aid.

A confusion of ships' names served to perplex those who were ready for the work of rescue. The dispatches said the Rio Grande's passengers were taken off by the steamer Swanmore, which was at that moment at her wharf in Baltimore while the Rio Grande was reported 200 miles north of the Diamond Shoals. The rescuers then raised the Merchants' and Miners' Union Steamer, thinking she might be the missing ship, but her captain knew nothing of the report.

Finally cable messages from the Mallory line officials saying the Rio Grande carried no passengers. Revenue cutter officers and wireless officials then concluded that the "S. O. S." call purporting to come from the Rio Grande were false, and it remained for the arrival of the ship at Brunswick early today to confirm their suspicions.

Every available agency of the government will be used to investigate the affair generally.
